

**MARCH  
4 - 6  
2021**

Red, White & Snow 2019 vintners.

## OUR *Cause*

The National Ability Center (NAC) is a global leader in adaptive recreation and outdoor adventures for individuals and families of differing abilities, physical, cognitive and developmental, including competitive athletes, youth, veterans and more. Rooted in Park City, UT for almost 35 years, with additional facilities in Salt Lake City and Moab, the NAC empowers participants by building self-esteem, confidence and lifetime skills through inclusive programming and activities such as rafting, alpine and Nordic skiing, snowboarding, horseback riding, cycling, among others. The National Ability Center is globally recognized as a chapter of Disabled Sports USA and is one of only 12 Gold U.S. Paralympic Sports Clubs. For more information, visit [www.discovernac.org](http://www.discovernac.org).

*NAC has taught me how to live the best and healthiest way possible. There are no boundaries or limits. I am proud to call the NAC my family. The NAC has given me what no one else could and that's the ability to say "I CAN!" Without them I wouldn't be the person I am today.*

## THE *Event*

Red, White & Snow is a three day long event that celebrates the empowerment of people of all abilities. Socialize with other culinary and wine connoisseurs in Park City's most luxurious settings while you enjoy the art of top chefs and world-renowned vintners. This event raises over 30% of the organizations total operating budget.
